Jane is a Degree educated, MCIPD Qualified HR Manager with over 28 years' experience in a manufacturing environment. Executive search specialist and skilled practitioner in Psychometric and Competency based interviewing, Jane has been recruiting Executive and senior management briefs for 15 years. In addition, Jane oversees senior outplacement services and Interim HR placements for global candidates across all functions.

“Having worked closely with Listgrove for 17 years, they are absolutely my recruiter of choice. During that period Jane Edwards recruited a significant number of candidates into three organisations, two manufacturing and one research and development company across a whole variety of disciplines. The differentiator for me has been the level of diligence applied to the cultural fit as well as the ability to find candidates who can add value to the organisation. As a result retention rates are high and mutual success of candidate and company are assured”. Operations Director, Cherwell Laboratories
